

CYLINDER COLLECTION

Colorado Convention Center | Denver, CO
Architect: ASM Global
Photographer: Scott Dressel-Martin

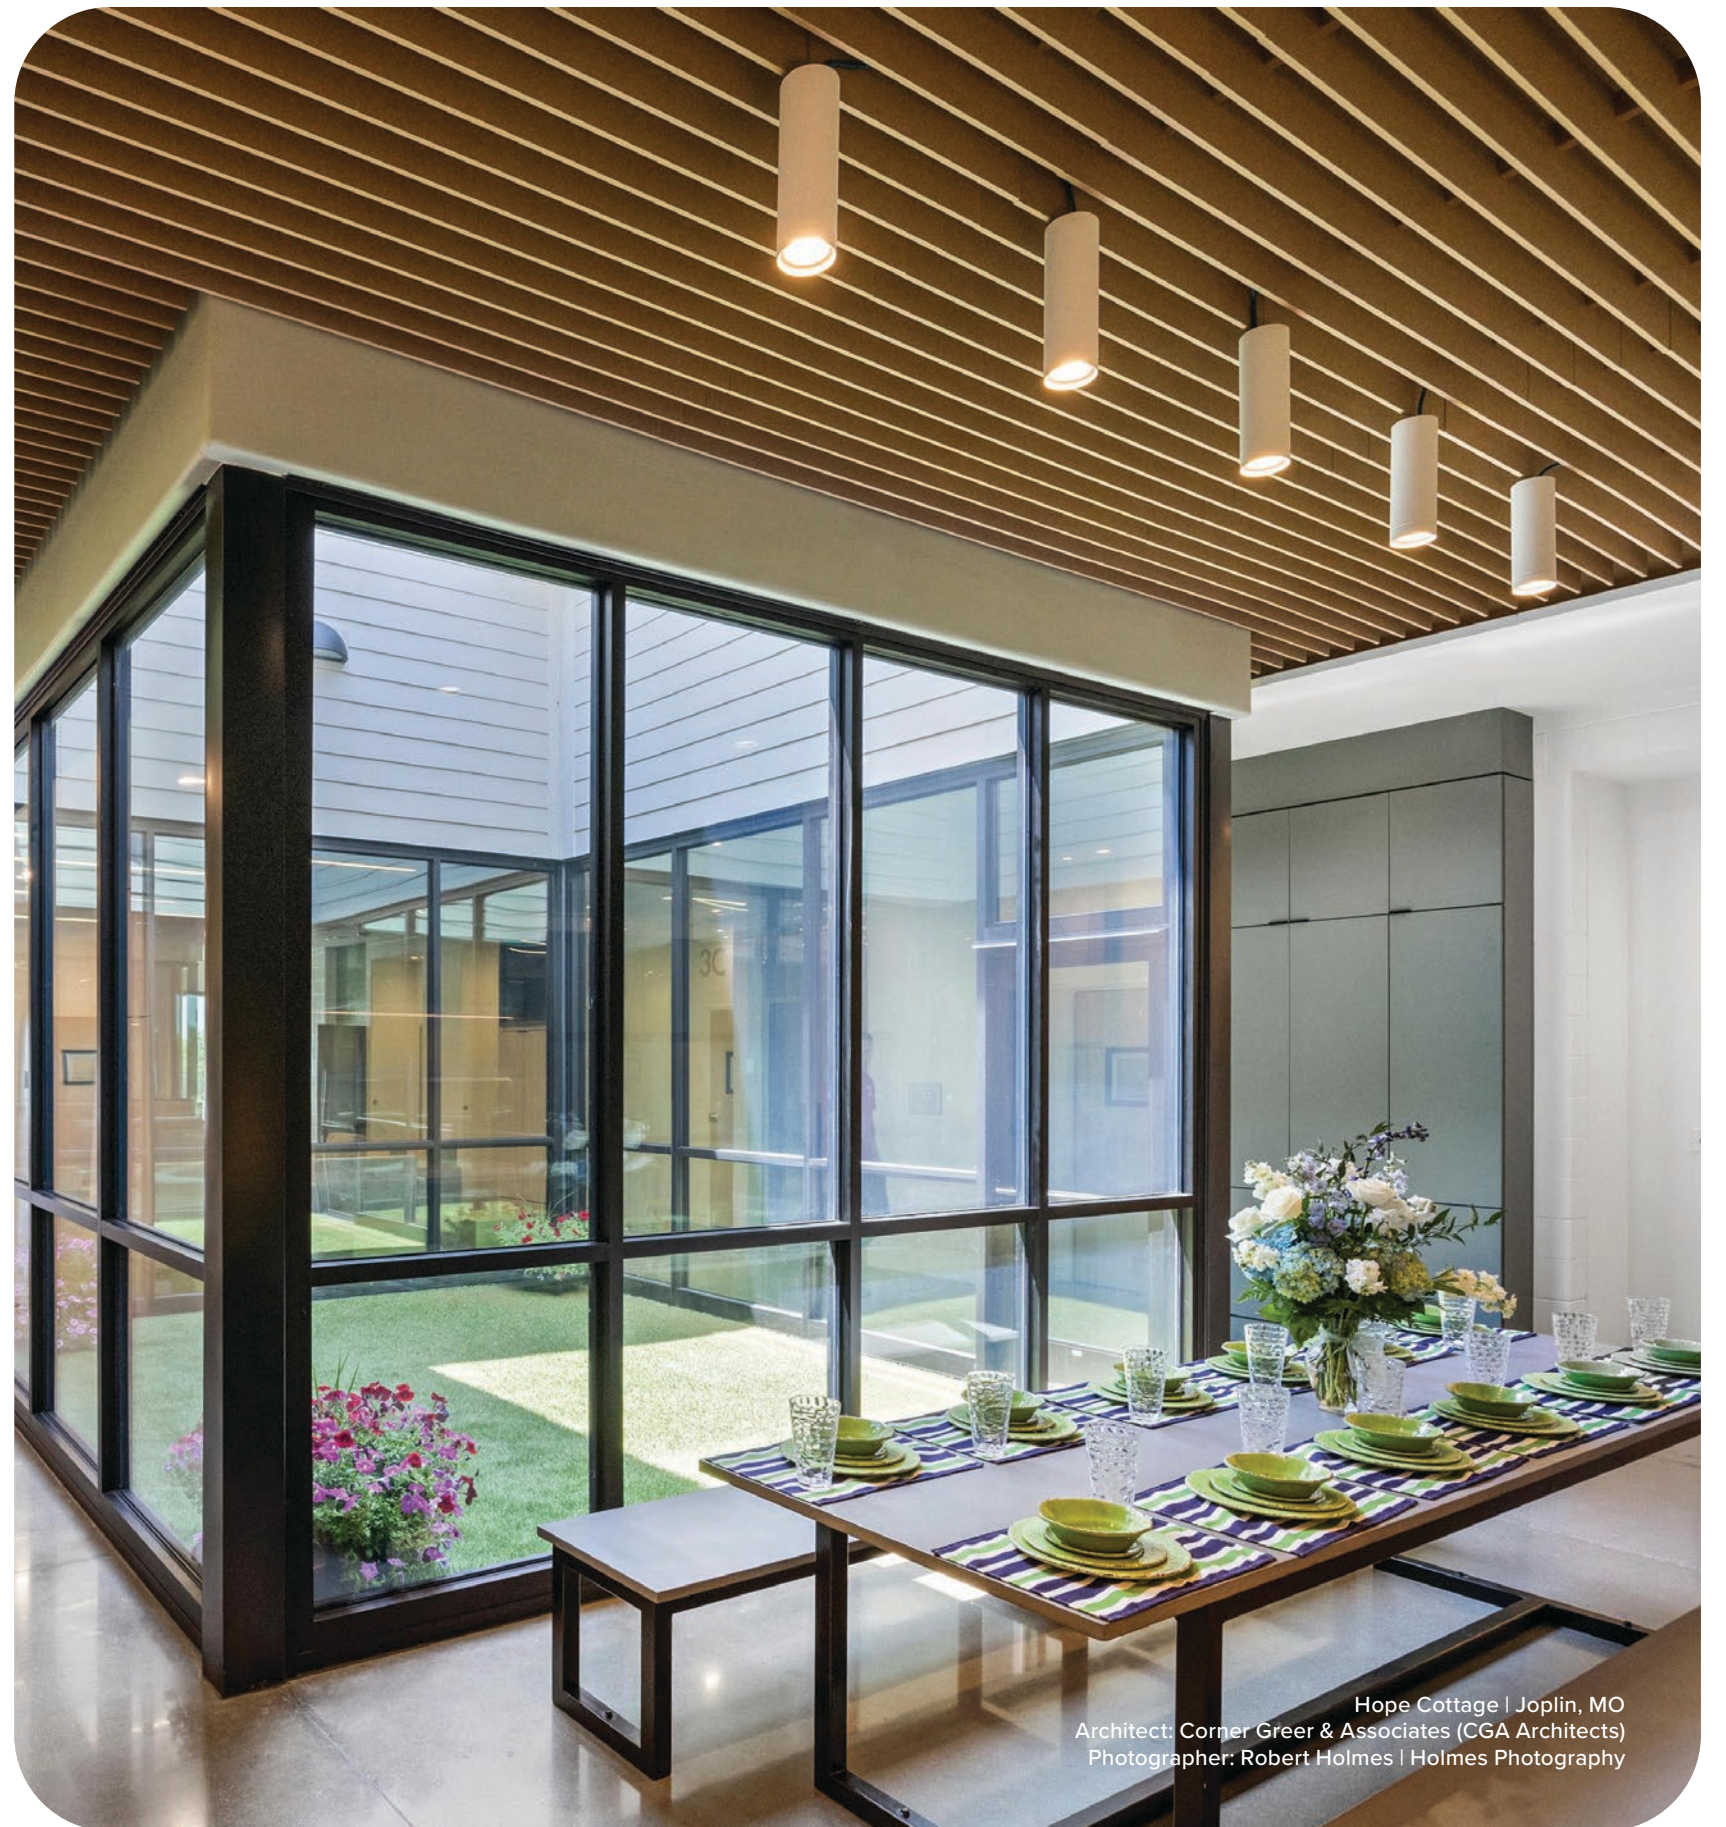

Our lighting products are proudly manufactured in the USA, meeting Build America, Buy America (BABA) and Buy American Act (BAA) compliance.

ELEGANT DESIGN

Form meets function with the high-performance architectural cylinders from Williams. With direct or direct/indirect, and round or square styles in compact or standard heights, our 4, 6, and 8-inch cylinders create an elegant ambiance in every interior and exterior environment.

VERSATILE MOUNTING

Williams cylinders provide design continuity with a comprehensive list of mounting options – pendant, cable, power cord, wall and ceiling.

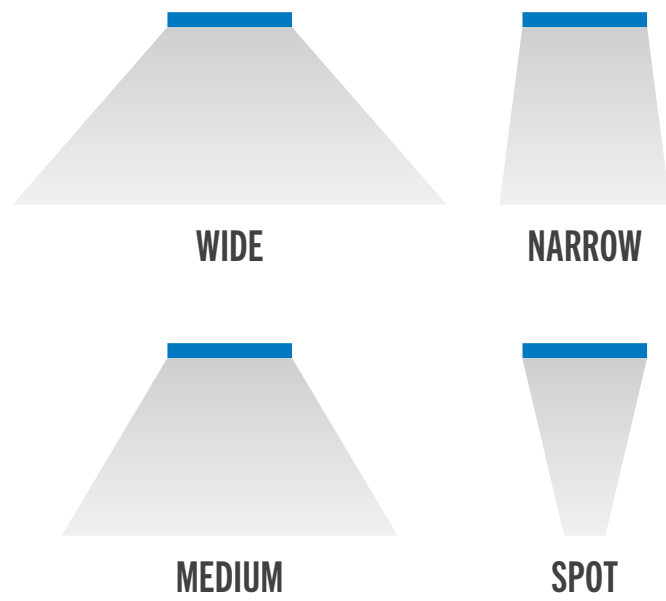

Unique TwistLock surface mount technology ensures a simple and secure installation. Low-glare optical system supports LEED and WELL certification requirements.

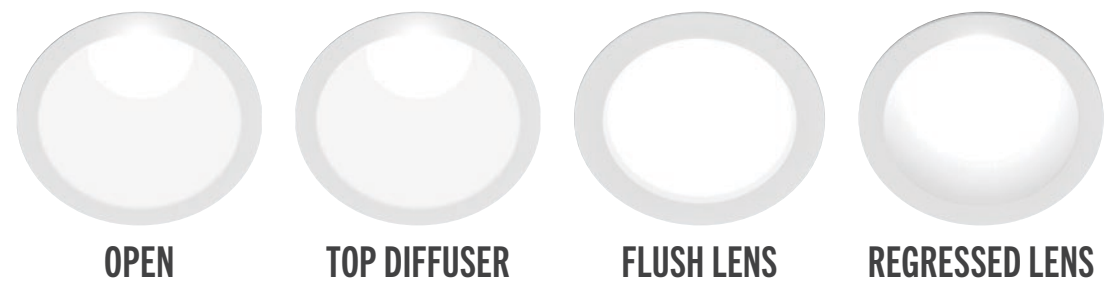

TRIMS

Tailor distributions to illuminate every facet of your space with a selection of beam angles as narrow as 8° and as wide as 70°. Further refine your illumination with designer focused die-cast lensed trims for flawless illumination.
