

# GL LED SERIES

## DOOR FRAME INSTALLATION INSTRUCTIONS

### WARNING:

- This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.
- Make sure all electrical power is turned off while installing the fixture.
- This luminaire must be adequately grounded for protection against shock hazards and to assure proper operation.
- Disconnect power before servicing.
- LEDs are ESD (Electro Static Discharge) sensitive devices that can be easily damaged if the proper ESD mitigating steps are not taken.
- LEDs are very sensitive to mechanical damage. Caution must be taken to avoid damage to the LEDs.
- ESD or mechanical damage voids all warranties.

**NOTE:** Safety cable will be packed with unit

**STEP 1:** To install safety cable on door frame, first remove screw on door frame, then place safety cable on screw. Replace screw in same location.

**STEP 2:** Install other end of safety cable on to fixture housing by using screw provided. Place safety cable through screw, then attach to fixture housing.

**STEP 3:** Install safety cable at other end of fixture by repeating Step 1 and 2.
