

PACKAGING & SHIPPING

TECHNICAL INFO

PACKAGING FEATURES

Williams' commitment to quality doesn't end when a fixture comes off the line. Proper packaging and shipping is a critical part of our quality process. That's why every fixture we ship is wrapped with the Williams name proudly displayed on every carton and corner board.

- We take extra steps to ensure your shipments arrive in pristine condition
- Extra care is taken to label each pallet with information that will assist the end user
- Pallets containing EM drivers, a variety of fixtures, or fixtures that require special care are all clearly identified with brightly colored labels
- Attention to details like these is one more way that Williams makes A Visible Difference

SHIPPING FEATURES

Airbags provide a cushion between product pallets on qualified shipments.

- Prevents load shift during transport
- Reduces damaged shipments

Shipments should arrive with our branded corner boards in place, provided on full pallets. If it doesn't say "Williams," carefully inspect each shipment and indicate damage on delivery ticket.

STANDARD PACKAGING

CARTON PACK – 4x4 or 4x8 PALLET

Standard for all Williams fixtures. When ordering less than 10 units, Carton Pack is required.

Packaging Specifications:

- Products packaged in cartons
- 4' x 4' or 4' x 8' pallet (determined by fixture size)
- Branded corrugated corner boards provided on full pallets
- Entire pallet is stretch wrapped with heavy-gauge film
- Packaging components are 100% recycled
- Optional Job Pack available on qualified fixtures
- Visible orange label indicates multiple fixture types per pallet
- Visible red label indicates EM fixtures on pallet
- Horizontally stacked for stability

PACKAGING OPTIONS

OPTIONAL JOB PACK (P1) – 4x4 or 4x8 PALLET

Packaging Specifications:

- 4' x 4' or 4' x 8' pallet (determined by fixture size)
- Branded corrugated endcaps and corner boards provided on full pallets
- Top and bottom 4' x 4' corrugated panels minimize dust and debris on fixtures
- Only available with select fixtures, see page two for details
- Entire pallet is stretch wrapped with heavy-gauge film
- Packaging components are 100% recycled
- Carton Pack available when specified
- Horizontally stacked for stability

OPTIONAL CARTON PACK – TWO 2x4 PALLETS

Packaging Specifications:

- Two 2' x 4' pallets stretch wrapped together with heavy-gauge film—split to go through standard door
- Available as an option for all fixtures
- Products packaged in cartons
- Branded corrugated corner boards provided on full pallets
- Packaging components are 100% recycled
- Horizontally stacked for stability

OPTIONAL JOB PACK (P2) – TWO 2x4 PALLETS

Packaging Specifications:

- Two 2' x 4' pallets stretch wrapped together with heavy-gauge film—split to go through standard door
- Available as an option with select fixtures when ordering 10 or more units, see page two for details
- Branded corrugated endcaps and corner boards provided on full pallets
- Top and bottom corrugated panels minimize dust and debris on fixtures
- Packaging components are 100% recycled
- Horizontally stacked for stability
